THE DAILY SENTINEL.

THURSDAY MORNING, NOV. 12

PROCLAMATION.

FOR a year of singular fruitfulness; for the continued blessing of peace; for immunity from pestilence; for the favors providence has showered on us in this pleasant land; and for all the manifold tokens of the Divine bounty vouchsafed to us, a common sentiment of gratitude and fear for greatness, must pervade every breast.

From an early period in our colonial history, in most of the States, a day has been designated, annually, for purposes of public thanksgiving and the acknowledgment of the good gifts of the Common Benefactor; and in accordance with this appropriate and time-honored custom, I hereby recommend that Thursday, the 26th day of November be this observed throughout the State.

In testimony whereof, I have hereunto subscribed my name, and caused the great seal of the State of Wisconsin to be affixed.

Done at the Capitol in Madison, this sixth day of November, one thousand eight hundred and fifty-seven.

By the Governor, JOHN A. BASHFORD.
D. W. JONES, Secretary of State. nov11d

News of the Morning.

The official returns thus far received in this State, indicate a very close vote. We give elsewhere such as have come to hand.

New York is excited with demonstrations by the unemployed demanding work, or bread. We do not anticipate any actual outbreak.

Business in the Produce line is becoming quite active. Receipts of grain are heavy and the market brisk.

Private despatches from New York yesterday quote an improvement of 5al0c on flour and 1n2 cts. in wheat. The Chicago market was also firmer.

We had our first snow storm yesterday. It was but a light one, however.

Official Returns.

The mails and telegraph yesterday brought us official returns from the following counties. We give the majorities on Governor only, reserving the full vote for our table to-morrow:

	Randall.		Cross.
Walworth	1246	Milwaukee	8283
Waukesha	400	Washington	1092
Racine	300	Ozaukee	901
Kenosha	289	Dane	351
Dodge	149		
Waushara	690		5627
Fond du Lac	272		
Sheboygan	229		
Columbia	451		
	3976		

In the above 13 Counties, Judge Randall stands relatively 1328 *better* than in the *News* table of Tuesday morning, and upwards of 600 better than the *Sentinel* table. If the returns from other parts of the State come in like the above, the result is again involved in great doubt.

Milwaukee County—Official.

Randall	2248	Cross	5531
Schurz	2191	Campbell	5667
Thomas	2150	Jones	5765
Hastings	2196	Habich	5654
Jackson	2161	Bouck	5750
McMynn	2175	Draper	5705
McGregor	2211	Squires	5699
MacGraw	2174	McGarry	5443
Free Suffrage	1679	No	5116

Majority for Cross, 1288.

The vote of this county, at the Presidential election last fall, was:

Buchanan	7188
Fremont	2798
Democratic majority	4390

Republican gain over last year, 1107! Pretty well for one county.

Jefferson County.

The vote of this County, as officially canvassed, is 93 majority for Randall. The Board, however, rejected the returns from the five towns in dispute between Jefferson and Dodge Counties. Had these been counted, Cross would have had 100 or so majority.

Dodge County—Official.

Randall's majority,	149.		
Schurz	do	208.	
Hastings	do	330.	
Thomas	do	196.	
McMynn	do	249.	

Smith's majority for Senator 100.

JACKSON COUNTY.—The Jackson County *Banner* of the 5th inst. brings up the following figures from that County;

	Cross.	Randall.
Albion,	189	181
Alma,		5 m
Hixton,	29	37
Brooklyn,	4	19
Springfield,	11	6
Irving,	85	29
Bristol,	12	62
Manchester,	18	18
	298	307

The *Banner* adds that RANDALL has a small majority in the county. The *News* claimed 130 majority for Cross.

H. E. PRICKETT, dem., is elected to the Assembly from Jackson and Buffalo counties.

BAD AX COUNTY.—The Viroqua *Times* of Nov. 4 says that Randall has 66 majority in that town, and that the Republicans have carried the County. This is another of the North-West Counties in which the *News* has claimed a majority for Cross.

DUNN COUNTY.—A private letter from Dunn says that RANDALL has from three to four hundred majority in that county.

Waushara Journal.

The Official Vote of Racine County.

The following is the official vote of Racine Co. for State officers. We shall publish the full returns in tabular form in our paper to-morrow morning:

Governor.—A. W. Randall 1752, James B Cross 1452.

Lieut. Governor.—Carl Schurtz 1752, E. D. Campbell 1445.

Secretary of State.—J. L. V. Thomas 1738, D. W. Jones 1467.

Treasurer.—S. D. Hastings 1754, Carl Habich 1447.

Attorney General.—M. M. Jackson 1748, Gabriel Bouck 1452.

State Superintendent.—John G. McMynn 1793, L. C. Draper 1402.

Bank Comptroller.—J. P. McGregor 1749, J. C. Squires 1450.

State Prison Commissioner.—Edward M. McGraw 1765, Edward McGarry 1431.—*Journal, Nov. 10th.*

OFFICIAL CANVASS.—The official canvass for this county will not be made until this morning, but we learn that Avon has given 48 majority for Randall, and Newark 62. If our reports for the several towns are correct, Randall's majority in the county will be 1,840.—*Janesville Gazette.*

N. Y. DRY GOODS MARKET.—The N. Y. *Independent* of last week, says;

"The sales by importers during the week have been limited to those at auction. Of goods offered only a portion was sold, and prices realized were low, even for choice French goods on a credit of four months. Few or no orders are being sent out for the spring trade. The extended indebtedness to Europe will have to be liquidated before heavy importations are again made. The contrast of business between this last October and that of October, 1856, is strikingly shown in the receipts at customs in each of these years: In Oct. 1856, the receipts were,...$3,549,737 92
In Oct. 1857, the receipts were,... 892,110 05

A difference of.....$2,657,627 55,

equal to seventy-five per cent.

The domestic commission houses do not appear to be doing any business of moment. The jobbers continue to sell to a moderate extent, but at low prices, mostly for cash. There is no doubt that all staple goods will pay well for keeping another year, as production is so much reduced, and the cost of the raw material is not falling. Large sales can only be effected at prices below cost. When the demand becomes active, some time hence, there will be found few goods, in comparison, to supply the market. A large business is not expected until the farmers have sent their crops to market, which will not be till next spring. With this prospect of trade, the disposition will be to keep on hand small stocks. It will take another harvest to set all things right."

CITY MATTERS.

POLICE COURT, Nov. 11.

BEFORE CLINTON WALWORTH, POLICE JUSTICE.

DISORDERLY.—Thomas Galligher, fined $1.—Michael Garvey, fined $2.

DRUNK AND DISORDERLY.—John A. Man, fined $5. John Rhangruber, fined $1 for driving on side walk.

CHARGED WITH UTTERING COUNTERFEIT MONEY.—A man named Thomas Ryan was charged with attempting to pass counterfeit money, and held in $1000 bail for his appearance at the Circuit Court.

Help the Poor!

We are glad to see that movements are on foot to do something by way of meeting the calls for aid on the part of the many poor people who will need it, in these hard times especially, during the winter, which is coming upon us. At St. Paul's (Episcopal) church, a collection will be taken every Sunday, for the poor,—an example which other churches might well follow. We hope to learn soon of the organization of the Benevolent Society, which has done so much good in the two past winter.

We learn that an estimable lady of this city, proposes, if she can obtain the use of a room, to make arrangements, with such aid as she can obtain from some of our citizens, for establishing a Soup-house, where at least one good meal a day, will be furnished free of charge to those who are in need, and shall apply for it. The enterprise is a truly laudable one, and we trust that the Common Council, and our citizens generally, will lend their aid.

British India.

Our readers will see advertised in our columns to-day, a course of Lectures on British India.—They come in a very opportune time, when every item of news from that land so convulsed with dissentions, commotions and war, is eagerly read. INDIA has ever been, from the earliest times, the most civilized nation of Asia, and although replete with literature and tradition, rich in productions of all kinds, vegetable and mineral, large in commercial intercourse with all nations, and teeming with an immense population, yet comparative ignorance of every thing about the country is prevalent among even our best informed men. MR. JACKSON, who has only lately taken up his residence among us, as pastor of the West Baptist Church, was for *five* years previous to last fall a resident of AGRA, in India, just in the heart of the present rebellion. His residence and actual contact with persons and places, there gives him superior advantage as a lecturer on the subject, Mr. J's abundant ability, easy and attractive delivery, and actual acquaintance with those things he purposes to speak of, give our citizens a rare opportunity of learning much about that great country, in an entertaining way.—The entire proceeds of the lectures are for the building fund of the congregation, who are now erecting a Chapel, on Sycamore street, opposite the 4th Ward Park. We trust that our citizens will not neglect this opportunity of getting rare information, and at the same time aid a most worthy object.

SUICIDE BY POISONING.—A young man, a Hungarian, named Surdurde, was found dead in his bed yesterday morning at a boarding house, on East Water street, called the Red Lion. A package of arsenic was found on a stand in his room, and also a tumbler from which he drank the fatal draught, containing a portion of the poison dissolved. He is said to have been a young man of good character, and sober habits, and destitution and despair, it is supposed, led him to put an end to his existence. He was for some time back a bar keeper, in a saloon on Market Square, but for several weeks has been out of employment and had just consumed the last of his earnings. It is not known whether he had any relation living or not.

NEWSPAPER AND CIGAR STAND.—A smart and civil lad, H. P. SCHUYLER, has rented the Newspaper and Cigar Stand in the Main Hall of the Newhall House. The latest papers and the best cigars can always be found on his table.

MR. COOMBS AS "SHYLOCK."

The announcement of the second appearance of Mr COOMBS as *Shylock*, at the solicitation of many of our citizens, who were unable to witness his first representation, induces us to make a more extended criticism of the performance of Monday evening, which we should not do unless we thought the personation of Shylock most admirable, in its general features, and that, with some slight alterations, it would be quite perfect.

In the first place we thought that the appearance of Shylock was too youthful. It is true that the age of Shylock is not directly intimated, except by the circumstance that he has a marriageable daughter. But still the character is an inherently old one. Shylock is a rich man and the accumulation of great wealth, in view of the disabilities under which the Jews labored, indicate that he must have been for many years engaged in business. Again the inveterate malignity, the inflexible will of Shylock, reveal a settled habit of mind which had "grown with his growth," and which was the result of the brooding of a like time over his real and supposed wrongs. His revenge, having doubtless very strong elements in his natural disposition, is not merely an instinct, an impulse. It is not the passion of youth or even of mature years; it is a cultivated, studied, deliberate revenge. It has become the second nature of the old man. It is not a transient and *merely* personal feeling, but it is a permanent and universal sentiment.

It is nor merely Antonio he hates, as Antonio, though doubtless his hatred was aggravated by his avarice, and the recollection of past indignities, but it is Antonio as the representative of a class, as the enemy of his race, as the embodiment of the universal wrong which was heaped upon his nation. His own language reveals the working of his mind.

I hate him, *for he is a Christian* * * *
He hates our sacred nation, * * *
* * * *Cursed be my tribe*
If I forgive him.

Hence his revenge enters into and becomes a part of his whole being. His natural affections and sensibilities prompt it, his reason justifies it, his perverted conscience approves of it, and his religion consecrates it. It is not a blind, impulsive revenge; he has reasoned himself into it, and he gives his reasons for it, founded upon the principles and pratice of the age, which the Christian friends of Antonio find it impossible to answer, and so do not attempt to. Herein we have the clue to the true personation of Shylock. He is eminently an intellectual character, and requires a highly intellectual representation.—Hence, the outward demonstration of passion, fearful as it is in its strength, should be sundued to this idea. The physical force of Shylock is not in his blood and muscles, but in his nerves. It is the intensity of his emotions, and the tension of his faculties, which give him a spasmodic vehemence of manner. He is a feeble old man, tremulous with passion, frantic with grief and disappointment at the loss of his daughter, inspired by a long cherished and baffled hate about to be gratified, and these for a time triumph over the infirmities of his nature only to be succeeded by the most pitiable and abject depression when the defeat of his revenge and the ruin of his fortunes come at a blow. In confirmation of our own view, we may cite the well known fact, that KEAN, either following his own intuition or the suggestion of the critics, made Shylock much older upon his second representation at Drury Lane.

In this connexion we may say that we strongly object to the vulgar and brutal exhibition of Shylock sharpening his knife upon the floor, though it has the authority of many of the best actors. Shylock, is true, draws his knife upon his shoe, as appears from the retort of Gratiano.

Not on thy *sole* but on thy soul, harsh Jew thou mak'st thy knife keen.

He may do this unconsciously, or more probably to thus silently and significantly exhibit the obstinacy of his purpose which will not relent at the importunities for mercy of those around, but to scrape a knife to be used as a surgical instrument, thus ostentatiously and defiantly across the coarse stone or wood of the floor, is the manifestation of a fiend, and not of a human being, and is revolting to our sensibilities. Shakespeare was too true to human nature to divest even Shylock entirely of his own humanity, or of our sympathies. Shylock exhibits the inevitable reaction of human nature against violent prejudice, flagrant injustice, and the most cruel religious persecution. How violent, flagrant and cruel these were is a matter of history, and is well illustrated, by the fact that when Shylock says to Antonio

You call me misbeliever, cut-throat dog,
And spit upon my jewish gabardine.

This high-minded honorable gentleman, full of generous sentiments and affections does not hesitate to reply even in his need.

I am as like to call thee so again
To spit upon thee, to spurn thee too.

If a christian gentleman could act thus, how well would lower and baser natures improve upon his example.

The wrong inflicted upon, the contempt poured upon humanity, are the seeds of hate, which sooner or later will yield a fearful harvest. This is, perhaps, in a measure, the secret of the terrible atrocities which have recently been practiced in India.

Such is the great lesson of humanity which is taught us in Shylock, and though the hate and revenge which wrong has generated in his naturally selfish and vindictive soul, fill us with dread, they are not unnatural. Shylock is a man and not a demon, and well does he plead for his humanity in the celebrated passage—

Hath not a Jew organs, dimensions, senses, affections, passions,

And even vindicates his revenge by the practice of Christians.

Such is our conception of this great character, and well did Mr. COOMBS enter into the spirit of it. It was, in our opinion, an admirable piece of acting; full of fire and animation, and yet self-possessed and discriminating. The breathless attention with which it was listened to, well attested the admiration and delight of the audience.

It will be repeated this evening, and we have no doubt that Mr. C. will render it with even greater effect than before. We advise all to go and hear it, and to go early.

A LARGE WATER WHEEL.—We were shown, a few days since, at the Mil. & Miss. R. R. depot a mammoth water wheel manufactured by Messrs Weston, Cogswell & Co., Buffalo, N. Y., for Messrs. Linch & Walker's new mill, at Mazomanie. The wheel is of the overshot kind, 18 feet diameter, 14 feet buckets, and it receives and discharges the water in such a manner that the inventor claims a decided improvement for it. It weighs about twenty tons and is made wholly of cast and wrought iron, and so constructed as to allow for the expansion and contraction due to iron in warm and cold weather. We think, for strength and good mechanical proportion, this wheel unsurpassed by any thing of the kind we ever saw. It reflects much credit on the manufacturers, and is an evidence of the substantial manner in which Messrs. Linch & Walker are building their mill, which, no doubt, will be one of the best in the State. We wish them the abundant success their enterprise merits.

N. G. CADETS' BALL.—The National Guard Cadets, of Chicago—the youthful company that attracted so much attention at Camp Juneau, in this city, last summer—give their Annual Ball at Chicago on the evening of the 18th instant. They have extended a cordial and pressing invitation to the Officers and members of the Milwaukee Light Guard and Cadets, to attend their military festival.

WESTMINSTER FOR OCTOBER.—Messrs Leonard Scott & Co., 79 Fulton street, N. Y., send us an early copy of their publication of the Westminster Review for October. It is an excellent number. Among the leading articles are: 1. Female Dress for 1857. 2. Political Priests. 3. Adventures in Malayon Waters. 4. History of Civilization in England. 7. Representative Government, what is it worth. 8. Progress of English Independence.

The Westminster is sent to subscribers for $3.00 per annum, and with Blackwood for $5,00. It would be difficult to invest $5,00 to better advantage.

TALL PLAYING.—The Adrian (Michigan) Evening *Expositor* of the 8th inst., contains the following paragraph:

We are informed that on Wednesday last, Protection Co. No. 2, threw water 225 feet and 7 inches, through 50 feet of hose and an inch nozzle. Measurement made by Mr. Hinchman, Foreman of Company No. 8, Detroit, and Mr. D. L. Ramsdell of this city. This machine has been of late undergoing repairs, and this was her first trial since finished.

A SIMPLE REMEDY.—A writer in the Baltimore *Sun* who has been afflicted severely in his family by that appalling disease, bronchitis, has found relief from the following remedy: "Take honey in the comb, squeeze it out and dilute with a little water, and wet the lips and mouth occasionally with it." It had never been known to fail, in cases where children had throats so swollen as to be unable to swallow. It is certainly a simple remedy, and may be a very efficacious one.

☞We were in error yesterday in giving Justice Walworth the credit of performing several marriage ceremonies during the past week.—They were performed by Justice Bode.

PRICE OF COAL REDUCED.—Messrs. TIBBITS STARKWEATHER & CO., advertise to deliver the best quality of coal to any part of the city at $6,50 per ton, a reduction of 50c per ton below late prices.

☞Remember that Caleb Wall sells a large lot of Dry Goods, Glass Ware, Clothing, Wrapping Paper, &c., this morning at 10 o'clock.

STOLEN.—On the evening of the 10th inst., from the front door of the Light Guard Saloon, one case of EMPTY OYSTER CANS, for which a reward of one dozen oysters is offered for the return of the property, and the same reward for the apprehension of the thief. Hoping the scoundrel will claim this reward, we await his orders.

Business and Politics.

The *Free Democrat* states that men will patronize the Printing Establishments which do their work on the most reasonable terms.

The *Daily News* says they purchase their Dry Goods and Groceries on that principle.

If this principle is to govern our citizens generally, we shall soon have a large increase of Business; for we have the largest stock west of New York, which we are offering at *much lower rates* than any other house in the west.

We will duplicate any Bills made in the Eastern cities.

An impression exists that we are doing exclusive a wholesale business. This is a mistake.—The retail purchaser can be accommodated with any quantity he needs, and can save money by buying from us.

We have *everything* ever kept in a first class Book and Stationery Store, and do Binding, Blank Book Manufacturing and Printing, promptly and well. Try us.

SCHOONER WELLAND CAPSIZED.—Captain Haven, of the schooner *Emblem*, which arrived day before yesterday, reports having passed on Saturday last, at about 8 P. M., when some 30 miles off Waukegan, the schooner *Welland*, capsized, bottom upwards, with wood floating around her, but no man about the vessel.

The *Welland* belongs to her captain, we believe, and has been running between Chicago and Mich gan this season. She is the same vessel which, late last fall, was dismasted in a gale, and after holding by her anchors 24 hours, drove in through our new harbor, and was repaired in the spring at Jones shipyard.

ASHORE AND OFF AGAIN.—The schooner Son and Heir, bound from Oshkosh to Toronto with a cargo of corn, got ashore at Point aux Barques in a gale on Tuesday night last. She jetted 9,000 bus of her cargo, and succeeded in getting off with the loss of an anchor. She was out on Lake Michigan in the gale of Monday last, when her fore stay sail was carried away, and her main boom sprung, which rendered her more difficult to handle and was the principal cause of her getting ashore.—*Detroit Advertiser.*

Financial Matters in New York—The Bread Riots—Troops put in Requisition—Gen. Scott in Command.

NEW YORK, Nov. 10.

The city banks last night, resolved to call on the country banks to redeem daily at the Metropolitan Bank, after Monday 16th Nov. The present accumulation of country currency will be carried by the city banks until the 1st of May next; it, however, will be taken up on 1st January, 1st February, 1st March, 1st April, 1st May, at the rate per cent to be allowed after 1st December.

The proceeds are understood to look to an early resumption, provided the arrangement is agreeable to country banks.

Both Boards of the Common Council have acted on the Mayor's Message in reference to the unemployed poor. The Aldermen resolved not to adopt the suggestion relative to the issue of stock to procure large supplies of food. They, however, passed resolutions having for their object the employment of the poor. The Councilmen also reported that they had not the power to provide relief in the direct manner pointed out by the Mayor. They, however, passed resolutions urging upon the different boards having charge of public works to employ laborers, and also recommended the Governor of the Alms House to purchase and store provisions in anticipation of destitution among the laboring class.

The American Mayoralty Convention last night nominated James E. Cooley, a Democrat, for that office. The Republicans have not yet nominated.

There was another gathering in Tompkins Square this morning. Speeches were made, not, however, of an incendiary character.—There were also a thousand persons in the Park, but the Police would not allow any speech making.

There is a strong force of Police inside the City Hall, and it is said a regiment holds itself in readiness for any outbreak, though there are no signs of one.

There were large gatherings of laborers both in Tompkins Square and in the City Hall Park, but no organized attempts at riot. Several slight impromptu outbreaks at the latter place were promptly suppressed by the Police and one or two incendiary speakers were arrested.

A squad of 150 Policemen were on guard at the City Hall. There were also quartered at the Custom House a detachment of U. S. troops to guard against any attempt upon the Sub-Treasury and Banks.

Gen. Scott and aids were present and had an interview with the Collector.

The Mayor was pretty severely denounced by the mob in the Park, and some individuals who attempted to defend him were handled roughly.

ROCHESTER, Nov. 10.

The heavy rain of the past two days has caused great damage in this vicinity, and further up the Genesee Valley, at and within two miles of Danville. Eight dams and six bridges were carried away last night.

The Genesee River is now quite as high as it was during the flood last spring, and the water is still rising.

The Central Railroad track was last night much damaged by the flood. Numerous culverts on both roads between this place and Syracuse were washed away and the track is yet inundated in many places.

No trains have passed between this place and Syracuse to-day.

WASHINGTON, Nov. 9.

Orders were issued to-day for the immediate concentration of the marine corps stationed at Philadelphia and Washington, to protect the sub treasury at New York, from rioters. Our Intolerable Taxes.

The increase in our City Taxes in *one* year, from $118,879,72 to $500,794,87, occasions no little talk among those upon whom this heavy burden is to fall. There is, on all hands, a determination expressed *not to pay* these exorbitant taxes and, a growing desire to bring about a radical change in the administration of the City Government. It is, indeed, high time that this were done. The City Treasury has been plundered, the City credit trifled with, quite long enough. Our City Taxes have been increased, year by year, until they have become larger, than the entire State Tax.

We hear a public meeting talked of to ensure concert of action among tax-payers. This would be well. Let such a meeting be called; a Committee of intelligent and responsible men appointed to investigate and report upon the financial condition of the city, and upon their report let action be based. Many believe that the taxes have been unfairly, or illegally levied, and that payment can be successfully resisted. Many more are unwilling to pay until they know what has become of the taxes heretofore collected; what is the amount of outstanding City bonds; and what, in general, the financial condition of the city. All feel that the time has come for a searching investigation into these matters, and for an entire renovation and thorough reform in the management of City affairs. Let us, therefore, have a public meeting of Tax-payers, to consider and resolve what is best to be done in the present emergency.

The Southern Face of Kansas.

We published, yesterday, the Pro-Slavery article which the *bogus* Convention, now sitting in Kansas, have incorporated into the Constitution, and propose to inflict upon the new State. We also stated that, according to the latest advices, it was the design of this body *not* to submit the Constitution to the People, but to send it directly to Congress for ratification; confidently relying upon the "National Democracy," to aid *any* plot for the establishment of Slavery in Kansas. Such is the tenor of the news which the Northern presses have received; and such, too, that sent to the Southern papers. Read for instance, the following letter and editorial comment from the Charleston *Mercury*.

A Pro-Slavery View of Kansas Affairs.

LECOMPTON, Tuesday, Oct. 20, 1857.

MESSRS. EDITORS: The Constitutional Convention met, pursuant to adjournment, yesterday, and adjourned over to-day for a quorum. Harvesting, and the session of the Courts, has delayed the arrival of many members. Before the close of the week we will have a full attendance.

A great deal of excitement prevails. Governor Walker and his Secretary have shown their treacherous criminal policy, so long attempted to be disguised. Discovering that the late elections would result in favor of the Pro-Slavery party, they have issued a proclamation, refusing to receive the polls of one of our strongest counties, 1,700 majority, and say they will reject the returns of another of 1,100.

There is not a color of reason for this, and it is entirely opposed in principle to the statutes.—The presumptions taken are entirely forced and made with the view to sustain the position taken by those in the States favoring Walker's policy. Hence it is necessary to make it appear that the Black Republicans are in the majority. A large meeting of delegates and Democrats was held last night, and Walker and Stanton were denounced in unmeasured terms. A call of the Democracy is ordered, and Walker & Co. will be exposed. Strange as it may appear, this course of Walker has given us (Convention) a great advantage, and no one thinks of submission in any form (Southern men I mean.) I assure you that there is not a delegate now in Lecompton, except one or two, but have committee themselves to a direct reference of the Constitution they may make to Congress.

We are now in a more critical state of Territorial affairs than ever, but, I think, with the decided advantage on our side.

OPINION OF THE MERCURY UPON THE ABOVE.

We submit to our readers a letter we have received from Kansas, *from one of the members of the Convention*, now sitting, to frame a Constitution for Kansas. We rejoice at the news it imparts, that the Pro Slavery party, instead of cowering under the united power of the Administration and the Black Republicans, has risen higher, and will meet, with a becoming spirit, the disadvantageous circumstances under which it is placed. Walker is cast off, as, doubtless, he anticipated, *by the whole Democratic Party*. He will, we presume, carry off as many as he can, to the Abolitionist or Black Republican party, and their leader will make good his promise to join them, and aid them in their efforts to overthrow the Democratic Party.

The crime for which, according to the *Mercury*, Gov. Walker has been "*cast off by the whole Democratic Party*," was the rejection of the fraudulent votes in Johnson and McGhee Counties, Kansas. It was about the *only* instance in which Governor Walker has shown the Free State men *fair play*; but this was enough to damn him in the estimation of all true "National Democrats;" and they will not cease their clamor till Walker has expiated this offence against the Slavery propaganda with his official life. The timid President and his time-serving Secretary of State will yield to this imperious Southern demand for justice upon Walker, and that functionary, like his four illustrious Democratic predecessors, will, under some pretext, or other, be removed from office and a *sixth* effort be made to find a pliant tool of the Slave Power for a Governor of Kansas!

Meantime, unless overawed by the commanding expression of the popular will at the recent election in Kansas, the *bogus* Convention will go on and complete their labors, and Congress will be called upon, early in the coming session, to say whether Kansas shall be *bond*, or FREE. Upon this question there is no doubt that every REPUBLICAN vote, in the Senate and House of Representatives, will be cast for Freedom, and as little that the great bulk of the Sham Democracy will support their brother *Shams* in Kansas and vote for SLAVERY!

Political Calculations.

With the exception of the failure of our own hopes, that the Republicans would carry this State, we have seen nothing so decided in the way of failure of political calculations, as those of the Boston *Traveller*, in electing Gardner on paper. Before the election, that paper published a careful table, estimating majorities by counties, and electing Gardner by 13,100 over Banks, while the people elected Banks by 24,000 majority! This on a total vote of about 126,000 in the State.

NEW YORK MUNICIPAL ELECTION.—The charter election in New York does not occur till the 1st Tuesday of December. The officers to be then elected are a Mayor, a new Board of Aldermen, a new Board of Councilmen, a new Board of Supervisors, two Governors of the alms house department, six police justices, and six civil justices, beside ward and school officers.

The new Board of Aldermen will consist of seventeen members. The Aldermen elected from districts having an odd numerical designation will serve one year, and those from the even districts for two years.

The Board of Councilmen will be chosen in a very different manner from the way it has been done heretofore. The old board of sixty members is abolished and in their place a body of twenty-four members will be chosen. Six will be elected in each Senatorial district on a general ticket. They are to serve for one year.

DEAD.—The "Democrat," a virulent little black republican daily sheet at Oshkosh, is dead. —*News.*

In the same courteous spirit we might say that the *Courier*, a "virulent little pro-slavery sham-democratic sheet, at Oshkosh," is dead. We do *not* say it. THE *Courier*, NOT the *Democrat*, was a small sheet, which had been kept up for a long time by the spirit of its publishers, for the credit of the thriving town of Oshkosh, and we regret the cessation of the visits of both papers.

Correspondence of the Sentinel.

Columbia County—Official.

PORTAGE CITY, Nov. 9 1857.

Messrs. Editors:

The potato-digging Republicans of Columbia county, have met with the potato-eating Democracy, and the diggers are ahead—not enough to brag of, it is true, but sufficient to count. The stupidity of the Republicans who have remained at home, and allowed the enemy to triumph in Republican Wisconsin, is the most remarkable we have any account of. Against such stupidity, "the very gods fight unvictorious."

ASSEMBLYMEN ELECT.

ALVIN B. ALDEN, democrat.
WILLIAM M. GRISWOLD, republican.
JONATHAN W. EARLE, "

Mr. McGregor received thirty majority in this city, and Mr. Campbell beats Mr. Shurtz only thirty-three votes. Mr. Holmes is injured some by the neglect of the town of Pacific to make returns on Assemblyman. We polled in the county 1182 votes *less* than last fall.

If you can get any satisfaction from the above figures we shall all be pleased.

Respectfully yours, T.

P. S.—I surmise by Cross' vote in Milwaukee that the potato-eaters were affected some by the late weather. Am I right?

FAST OCEAN STEAMER.—Sundry parties are now building a small steamer at London, the principal of which, if successful, they intend to apply in building a large steamer, to make the trip to New-York in *five* days.

The novelty of the invention consists for the most part in constructing the vessel so that the centre of gravity is placed below the water line. This is effected by constructing a chamber called a "well" all along the bottom of the vessel, in which the machinery, coals and stores can be deposited. As it is not proposed that the vessel shall carry cargo, the centre of gravity will thus become a suspended instead of a supported body; and it is believed that this peculiar formation will materially decrease the area of resistance to the water.

LIBERAL BEQUEST.—The Washington County *Democrat* says that the late WM. DANFORTH, of Farmington, in that county, left $1,000 "to the American Missionary Association, New York, payable in yearly installments of $200, to the treasurer, and "to be appropriated to the benefit of the colored men of Africa."

The amount of $500 is also given to the "Wesleyan Methodist Book Concern, New York."

IMPROVEMENT OF THE LOWER FOX OR NEENAH RIVER.—The Appleton *Crescent* invites the attention of capitalists and people generally to the advantages held out to them by the completion of the works of the improvement Company in the Neenah river. It says:

We ought to have stated prior to this time that the Dam and Lock at Little Kaukauna are complete and in daily use for the transit of steamers from Green Bay to the Upper Fox and Wolf River. The work at that point is admitted on all hands to be the best on the river, for which great credit is due the Contractors and Chief Engineer Jenne, who has devoted much time and labor to planning and carrying the work forward to successful completion.

Since the Dam and Lock at Little Kaukauna have been completed, we have slack water navigation from Lake Winnebago to Green Bay.—The Dam above alluded to throws the water back to the Croche Dam, entirely overcoming the Rapid de Croche, and furnishing abundant water for all the purposes of steam navigation in any and every stage of water in the River.

The Improvement Company has at length achieved a great work; overcoming all the Rapids of the Lower Fox, and securing uninterrupted steamboat navigation for nearly eight months in the year. Another year will see boats passing day after day from Portage City to Green Bay, doing the carrying trade of the richest portion of our State.

It is a great work! Its progenitors and promoters may be well proud of it. Aside from its stupendous and inexhaustible Water Power, the capacity of this work for freight purposes is as far superior to the Erie Canal as that is to the smallest canal in the Union.

OREGON CONSTITUTION.—The Constitution for the new State of Oregon, which is to be submitted to the people of that Territory, makes the following provisions:

The Governor's term is four years, and he is Superintendent of Public Instruction, with a yearly salary of only fifteen hundred dollars.—The Secretary is to be both Secretary and Auditor of Public Accounts, salary the same as the Governor. The Treasurer, whose office at one time was united in the person of the Governor, has been again detached—he is to get the munificent sum of eight hundred dollars per annum. The four Judges, being both Supreme and Circuit Judges, are to be elected for six years, and have a salary each of two thousand dollars per annum. The question of a slave or free state, as was before intimated, is submitted to a vote of the people; also, the question of whether free negroes and Chinamen shall be allowed to come and reside in the country.

The sessions of the Legislature are to be biennial, and are limited to forty days; but the Governor may call extra sessions, not to exceed twenty days at any one session.

The Oregon correspondent of the Sacramento *Union* says, in relation to the Slavery and Negro clauses:

I have no doubt both will receive a decided negative answer on the second Monday of Nov., next at the ballot box. I should have said the *vote* rote, for that obnoxious mode of voting is still retained. It only exists, constitutionally, until the Legislature sees fit to repeal it. This is a decided improvement, upon having it made a permanent "fixin" until 1856, as in the original report.

He adds:

There are any number of aspirants for seats in Congress, under the state organization prominent among whom are Delazon Smith, Judges Williams and Deady, L. F. Grover, of Marion county, Col. Kelly, of Clackmas, Wm. H. Farrar, of Portland, and several others, including a "Old Jo. Lane," the present delegate. Only three can be elected —two Senators and one Congressman.

SINGULAR CALCULATION.—Mr. Anderson, the Wizard of the North, says that during the last 20 years he has paid $25,000 for advertising, $13,000 for bill printing, and 844,500 square miles of paper on the walls of London, and in doing this he had used 1,863,000 pounds of paste.

THE SUSPENSION OF THE GROCERS' SUGAR REFINING COMPANY.—We referred to the suspension of this company yesterday. It seems that it has been compelled to appeal to its creditors for an extension of time to meet its obligations. This course has produced much surprise among persons engaged in the sugar trade, as well as in money circles, and led yesterday to a good deal of talk and excitement.

We learn that this company was organized under the provisions of the general State law authorizing the formation of companies, &c., without a special act of incorporation.

It commenced with a capital of about $500,000, and on the 1st of January, 1857, declared a dividend of five per cent, in cash, and made a stock dividend of twenty five per cent, which augmented its capital to $750,000. Falling into some pressure for money, it proposed at one time to issue bonds to the extent of about $200,000, but abandoned the idea, and we understand, gave mortgages on their building and real estate. Notwithstanding these struggles the trustees declared a dividend on the 1st of July of 5 per cent, in cash, on their capital stock.

Hence, a question has arisen among the creditors of the company, whether the trustees, in declaring a dividend in July, which they contend was not justified by the condition of the company, or by its net earnings, have not rendered themselves personally liable for its debts.

The amount of its liabilities is not known, but a considerable portion, it is said, consists of notes in the hands of sugar importers and note brokers.

The members of the Trust embrace some of our most prominent, energetic and enterprising merchants, who, if any men can do it, will be able to work the company through its difficulties.

The Trust is composed of nine persons, as follows: G. D. Morgan; J. Thorn, Elias Pouvert, Charles Decison, B. B. Sherman, Moses Grinnell, Thomas Tileston, James Warren, and one other name not recollected. Mr. Grinnell was President, Mr Briggs Secretary, and Mr. Holbridge Treasurer.—*N. Y. Herald.*

THE CHESS CONTEST DECIDED.—The Chess Congress was virtually brought to a close on Thursday evening by Paul Morphy's winning the decisive game, the fifth, from Mr. Paulsen. Mr. Paulsen was suffering from a severe catarrh yesterday, and might with great propriety have requested a postponement of the contest; but he fought gallantly and yielded gracefully. Mr. Morphy won the game by the strong position of four pawns on the queen's side, one of which it was impossible for his adversary from preventing from passing to queen. After Mr. Paulsen had yielded, several of the most experienced players in the Club undertook to better his play, but Mr. Morphy soon showed them all that his position was (as he had declared it to be) impregnable.—We do not admire Mr. Paulsen's playing less than we did before; but the event, and a more careful examination have convinced us that Mr. Morphy's abilities are of such an order that it will be difficult to find his master. Mr. Paulsen thoroughly understands the game and has great power in analysis He can foresee the remotest consequences of any move according to all the known combinations; but Mr. Morphy is so fertile in his resources and so original in his combinations that he continually disconcerts his opponent and astonishes the most experienced players. On Wednesday afternoon, for instance, he sacrificed his queen early in the game, in such a manner that all present abandoned hope for him, and Mr. Stanley declared that he ought to be put in the lunatic asylum. But the consequence of this seeming ungallant recklessness was a checkmate to his adversary on the fifteenth move.—Mr. Paulsen, however, merits all the encomiums that have been passed upon him, and his playing of five games blindfold is a feat so notable that it merits the handsome testimonial which the Chess Club is about to present to him. Mr. Morphy is supposed by the members of the Congress to be the first living player; and we understand that the American Chess Club will challenge Europe to produce a man to play with him next Spring in New York for one to five thousand dollars. Mr. Morphy is about twenty years old, small, slightly built, with pale face, dark hair, full brow, and bright restless eyes, expressing highly nervous organization. We doubt that he will ever play better than he does now; for he plainly has a genius for Chess playing; and it is remarkable that all the great players—those who showed originality—have attained their full power, and their consequent fame early in life.—*N. Y. Comr. & Eng.*

IMPORTANT VERDICT.—The Detroit *Advertiser* says, that a case of more than ordinary interest has just been decided. It is the suit of Page vs Terry, and involves the exclusive control of all the circular saw mills used for sawing lumber from ordinary saw logs throughout the United States.

The plaintiff claims that all Circular Saws used for that purpose which have guides near the edge in combination with end play to its shafts are controlled by his patent, and that no one has any right to use them without a license from him.

The verdict was in favor of the plaintiff on all the issues thereby giving him the complete control of that class of mills. There are many thousands of them in operation, and the demand for them is daily increasing. The charge of the Court was in favor of plaintiff on nearly every legal question which arose in the case, and was substantially the same as Judge McLean's on the first trial.

A NARROW ESCAPE—A STAGE TEAM KILLED. The stage which left Kalamazoo, for Grand Rapids, on Tuesday morning, says the Herald, met with an accident, near Chambers', 20 miles south of the city, yesterday afternoon, about two o'clock. A strong wind was blowing from the west, and the driver, Phillip Potter, discovered a falling tree within about ten feet of him. He made no effort to stop the team, but the tree struck the wheel horses, killing the near one dead; the horse on the left side died in about twenty minutes. The "tongue" of the coach was broken in several pieces. The leaders escaped uninjured, and being loose from the coach, ran about thirty rods and were stopped. There were eleven passengers on board who escaped uninjured. The horses were valued at $400.—*Detroit Advertiser, Nov. 9.*

AN ASSORTING BROKER EGGED.—Quite an excitement was produced in this place yesterday by the egging of an assorting broker, who came to draw coin from the branch of the Farmers' Bank. The young man represented himself from Lexington. He presented his notes at the bank counter, and the gold was promptly paid him. On leaving the bank, he was met at the door by six or eight excited men and boys, who very unceremoniously bespattered him with eggs. About 30 eggs were thrown, completely covering the young man's head; face and shoulders with their contents, and soiling his clothes. The walls of the bank still bear the marks of the victory won by this chivalrous crowd. The man made no resistance whatever. He was taken into the bank, where the stain of the eggs was partially washed from him. By the aid of the town marshal, and one or two others, he succeeded in reaching the stable by a back way, where his horse and buggy had been left, and started for Lexington with his gold. Had the young man left the bank a second time in a public manner, he would doubtless have received further violence from the bank defenders. A cry was raised to take him to the spring branch. The amount drawn was only $870. The mob, for it can be called by no other name, was composed principally of boys.—*Georgetown (Ky.) Gazette.*

BOGUS TICKETS.—The bogus Republican tickets, ordered from Prairie du Chien or Madison, by the Railroad interest at Boscobel, with the name of Knowlton inserted in place of Dean, and with the view to defeat Mr. Dean, did not take.—Mr Philbrick deserves credit for exposing them.

The bogus Democratic tickets printed at Mineral Point and sent into Grant County by Mr. J. C. Squires, with the names of J. B. Cross instead of J. B. Cross, had a large run, but the Republicans detected and exposed the fraud—none of the Democrats having read their tickets or even knew for whom they voted till told by our men. The penalty is two years in the penitentiary for committing the fraud.—*Grant County Herald.*

SOMETHING GOOD OUT OF POLITICS.—WORTHY OF IMITATION.—On Tuesday evening, after the votes of the city of Roxbury, Mass., had been counted, and it was ascertained that Hon. Samuel Walker, Hon. Henry Willis, and James Guild Esq., had been chosen Representatives, their friends formed a procession and marched to the City Hall to call upon them. They first called upon Willis, who thanked them for their congratulations, and said as his house was small, instead of inviting them to partake of refreshments, as there were many poor people in the city, send to the city Missionary on Wednesday morning, a check for one hundred dollars. This announcement was received with many cheers.—The company proceeded on and called upon Mr. Walker, who, in response to their greeting, said that he had heard of Mr. Willis' noble gift, and should take pleasure in following so good an example.

A PAEAN.—A country Republican paper, in chronicling the Free Soil victory in Kansas, and the election of Parrott over Ransom, quotes the following lines from an old Methodist hymn:

"The year of jubilee has come,
Return ye Ransom's sinners home."

Our cotemporary has got its wish. Ransom has returned to the quiet shades of Kalamazoo, and it is said intends to spend the remainder of his days ruminating over the other well known hymn—

"How vain are all things here below!"

—*Detroit Advertiser.*

Foreign Intelligence.

FRANCE.—According to the circular of M. Arles Dufour, of Lyons, the advices from the United States have greatly aggravated the depression in the silk market, owing to the belief that the consumption on that side must be small for many months. Opinions are greatly divided as to the future course of prices; some persons anticipating a further heavy fall, while others, owing to the extent of that which has already taken place, are disposed to rely upon a reaction.

The Lyons and St. Etienne manufacturers congratulate themselves on having received so few orders from the United States this year, as they have thus escaped the consequences of the commercial crisis which has occasioned so much injury in the chief towns of the Union. The last advices from New York announce that French silks were selling in that city at from 25 to 30 per cent under the manufacturers' prices at Lyons, and St. Etienne, consequently the shopkeepers do not intend to send orders to France until some improvement shall take place.

The consequences of an abundant harvest are now indeed felt throughout France. The price of bread has fallen to 14 sous the 4lb. loaf in Paris and to 12 sous in several of the departments; and these are, I believe, the ordinary prices in plentiful years.

ENGLAND.—The London Shipping Gazette, of the 19th, says the movement of the precious metals last week were most important. The imports, including the receipts of silver from the continent, were no less than about 7,000,000; whilst the exports including the private shipments to the continent, and the amount put on board the Indus (3,859,000) for the East, to sail to-morrow, reaches the still larger sum of 5,800,000.

Whilst the cotton trade seems to be almost in a languishing condition in England, it is extending itself by rapid strides in Russia. Mills are being built and enlarged in all directions. Amongst the former is a colossal establishment, which is in progress of erection close to St. Petersburgh.—The new mill will have in it 100,000 spindles.

"THE TIMES."—The high wave of Politics which rose over and covered the shoal on which our Business is stranded, has washed onward and left the troubles of the time again in full view.—In the Boston Board of Trade men are battling against the Usury Laws of Massachusetts, and demanding but one Bank of issue for the whole State, whose bills shall be based on specie or Government securities. This is serious. There is somewhat of melodrama in the bankruptcy of the Island City Bank (Jermes O'Brien's.) Its liabilities amount to the enormous sum of $463,8681 Of assets to pay this, there are Protested Notes, $156—one bag of Uppers, $115—three hogsheads, 75 cents—six wooden handles to hold hold pens, 86 cents—two lead pencils, 12 cents. Total, $366,23!

Mr. Forbes of Boston has returned from England successful in his mission of borrowing $2,000,000 for the Michigan Central Rail Road. The stockholders of the Michigan Southern and Northern Indiana will learn with pleasure, that the contract entered into between their Road and the Michigan Central, with other reforms of administration, will effect for them a saving of at least $500,000 a year.—*Albany Eve. Jour.*

BOSTON SHIPPING INTERESTS.—Nearly two hundred and fifty ships, barks and brigs are now in this port, and the prospects for business are gloomy in the extreme. The low prices of cotton operate to limit greatly the shipment of that article, the small quantities of breadstuffs on the Atlantic seaboard check nearly all European freights; the troubles in India and the great stock here of all India goods, operate most unfavorably against any new enterprises in that quarter, and there are no charters offered save to a few ports, such as London and Liverpool, to carry to those markets goods that cannot be sold here at any price. Our warehouses are crowded with goods from all parts of the world, and particularly from the East Indies, for which there is no sale, nor will be, for the stagnation of our manufacturing interests. Some twenty ships are still on the way here from the East Indies, but no new voyages of any consequence are commenced to that quarter, such are the disastrous results of all present operations. This cessation will finally be a benefit to the trade in two ways; first by reducing the exorbitant prices demanded in India for their staples, and next by enabling us by and by to get rid of the enormous stocks now on hand in the market.

For small vessels the most profitable business is to haul them up alongside of the wharf and strip them.—*Traveller, 6th inst.*

"The Way to Make All Straight."
The public all, they frankly state
M. & P. go the way to make all straight;
And all who judge impartially may see
That M. & P. and the public well agree.
Say M. & P.'s Tea, and put it to the test,
And you'll prove and the best to be the best.
The *cousin to the moon*, who reigns in China,
Has never had a chance of tasting finer,
And his Celestial Majesty no doubt,
Drinks of none but what is "out and out."
The Teas of M. & P., but thus far treated,
Cause no comfortable state, but make all straight.
M. & P.'s Coffee (as yours to be told,)
Will bear comparison with any sold.
If you are "queer" in stomach, nerves or taste,
This whol some coffee soon will make all straight,
No change a diet can say but,
Than those which M. & P. offer to supply.
This fact with perfect confidence I state,
In telling you how M. & P. make all straight.

CITY AUCTION ROOM.

GREAT SALES of Dry Goods and Clothing are going on every day and every evening. Now is the time to save money. Goods by the thousand and tens of thousands are selling at auction from day to day. Attend everybody.

City Auction Room.

IMPORTANT TO THE LADIES.

I HAVE JUST OPENED an invoice of goods which are too good to sell at auction; I therefore will sell them at private sale at 20 ⅌ cent less than what they are worth, and 30 ⅌ cent less than you can purchase them in the city. The goods consist of, White Bukey, Flandels, Colored Flannels, Twilled Flannels, some Prison Mixtures, some all wool Delaines, Silk Vestings, &c. The assortment is not very large, but what there is is of superior quality.

I have also just opened, one case, consisting of twelve Ladies Fall and Winter Cloaks, latest style, to be sold as great bargains.

oct6 CALEB WALL.

City Auction Room.

ANY ONE who has a good stock of Dry Goods, I will trade—Pine Lake Farm for them, with as his stock, furniture, &c., and I will sell the stock of goods in very large and short time. Or I will take part farm for the balance in money, or I will exchange said farm for good improved city property; or I will sell the said farm for good mortgages running 1, 2, 3 years; or I will exchange said farm for Mills at Mill. R. R. stock. Here is a great chance for some one to get a good home, one and a half hours ride on the cars from the city, with everything that one's heart should desire, with a good house and splendid barns, which would rent in Milwaukee for five hundred dollars a year.

CALEB WALL.

N. B.—If the said farm is not sold in thirty days, I want a good, legal, quiet man and his wife to take care of said farm and all the stock through the winter, and probably when the spring comes I may conclude to keep the farm. So a chance for some one to get a comfortable home for the winter. I do not care what country they are from, but will require good references.
